NOTICE OF NO AUDITOR REVIEW OF CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

Under National Instrument 51-102, Part 4, subsection 4.3(3) (a), if an auditor has not performed a review of the interim financial statements, they must be accompanied by a notice indicating that the financial statements have not been reviewed by an auditor.

The accompanying unaudited condensed consolidated interim financial statements of the Company have been prepared by and are the responsibility of the Company's management.

The Company's independent auditor has not performed a review of these condensed consolidated interim financial statements in accordance with standards established by the Chartered Professional Accountants of Canada for a review of condensed consolidated interim financial statements by an entity's auditor.

XPLORE RESOURCES CORP.

Notes to the Condensed Consolidated Interim Financial Statements

For the Nine Months Ended March 31, 2026 and 2025

(Unaudited – Expressed in Canadian Dollars)

1. NATURE OF OPERATIONS

Xplore Resources Corp. (the “Company”) was incorporated on February 24, 2017 pursuant to the *Business Corporations Act* of British Columbia. On October 30, 2017, the Company completed its initial public offering and the Company’s shares commenced trading on the TSX Venture Exchange (“TSX-V”) under the symbol XPLR. The Company’s principal business activities include the acquisition and exploration of mineral property assets located in Canada. The Company’s head office and principal business address is 1615 – 200 Burrard Street, Vancouver, British Columbia, V6C 3L6. The Company’s registered and records office is 2501 – 550 Burrard Street, Vancouver, British Columbia, V6C 2B5.

2. GOING CONCERN

These condensed consolidated interim financial statements have been prepared on the basis of accounting principles applicable to a going concern, which assumes that the Company will continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities in the normal course of operations.

The Company incurred a net loss of \$279,016 for the nine months ended March 31, 2026 and has an accumulated deficit of \$4,942,325 at March 31, 2026. The Company’s ability to continue its operations and to realize its assets at their carrying values is dependent upon its ability to fund its existing acquisition and exploration commitments on its exploration and evaluation (or “E&E”) assets when they come due, which would cease to exist if the Company decides to terminate its commitments, and to cover its operating costs. The Company plans to maintain adequate cash flows by funding its operations by the sale of its E&E assets or raising additional capital through equity markets. However, there is no assurance it will be able to raise funds in the future. These conditions indicate the existence of a material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern.

These condensed consolidated interim financial statements do not give effect to any adjustments required to realize its assets and discharge its liabilities in other than the normal course of business and at amounts different from those reflected in the accompanying condensed consolidated interim financial statements. These adjustments could be material.

3. BASIS OF PREPARATION

a) Statement of compliance

These condensed consolidated interim financial statements have been prepared in accordance with IFRS Accounting Standards (“IFRS”), as issued by the International Accounting Standards Board (“IASB”), applicable to the preparation of interim financial statements, including International Accounting Standard (“IAS”) 34 *Interim Financial Reporting*.

These condensed consolidated interim financial statements were reviewed by the Audit Committee and approved and authorized for issue by the Board of Directors on May 28, 2026.

b) Basis of measurement

These condensed consolidated interim financial statements have been prepared on the historical cost basis, except for certain financial instruments that are measured at fair value. In addition, these condensed consolidated interim financial statements are prepared using the accrual basis of accounting, aside from cash flow information. These condensed consolidated interim financial statements are presented in Canadian dollars and all values are rounded to the nearest dollar, except where otherwise indicated.

XPLORE RESOURCES CORP.

Notes to the Condensed Consolidated Interim Financial Statements
For the Nine Months Ended March 31, 2026 and 2025
(Unaudited – Expressed in Canadian Dollars)

3. BASIS OF PREPARATION – continued

c) Subsidiaries

These condensed consolidated interim financial statements include the accounts of the following entities:

Entity	Relationship	Percentage at March 31, 2026	Percentage at June 30, 2025
Xplore Resources Corp.	Parent	100%	100%
Xplore Resources Holdings Corp. (formerly Xplore Resources Corp.)	Subsidiary	100%	100%

The financial statements of subsidiaries are included in the condensed consolidated interim financial statements from the date that control commences until the date that control ceases. Control is achieved when the Company has the power over the investee, is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to use its power to affect its returns. All significant intercompany transactions and balances have been eliminated.

4. MATERIAL ACCOUNTING POLICIES

The policies applied in these condensed consolidated interim financial statements are consistent with policies disclosed in Note 4 of the consolidated financial statements for the year ended June 30, 2025, unless otherwise noted. These condensed consolidated interim financial statements should be read in conjunction with the Company's audited consolidated financial statements as at June 30, 2025 and for the year then ended.

Accounting standards issued but not yet effective

The following new standards and interpretations have been issued by the IASB, but are not yet effective and have not been applied in preparing these condensed consolidated interim financial statements. The Company will adopt the amendments on their effective dates.

IFRS 18 Presentation and Disclosure in Financial Statements

In April 2024, the IASB issued IFRS 18, which will replace IAS 1 *Presentation of Financial Statements*, but carries forward many of the requirements from IAS 1. The standard introduces new defined subtotals to be presented in the Company's statement of loss and comprehensive loss, disclosure of any management-defined performance measures related to the statement of loss and comprehensive loss and requirements for grouping of information. IFRS 18 is effective for annual periods beginning on or after January 1, 2027, with earlier adoption permitted, and will apply retrospectively. The Company is currently in the process of assessing the impact of IFRS 18 (and applicable amendments to other standards) on the condensed consolidated interim financial statements and notes to the condensed consolidated interim financial statements.

IFRS 9 Financial Instruments and IFRS 7 Financial Instruments: Disclosures – Classification and Measurement of Financial Instruments

In May 2024, the IASB issued Amendments to the Classification and Measurement of Financial Instruments. The amendments clarify that a financial liability is derecognized on the settlement date and introduce an accounting policy choice to derecognize a financial liability settled using an electronic payment system before the settlement date. Other clarifications include guidance on the classification of financial assets with ESG-linked features, non-recourse loans and contractually linked instruments. The amendments are effective for annual periods beginning on or after January 1, 2026. Early adoption is permitted, with an option to early adopt only the amendments to the classification of financial assets (for contingent features). The Company is currently in the process of assessing the impact of the amendments on the condensed consolidated interim financial statements and notes to the condensed consolidated interim financial statements.

XPLORE RESOURCES CORP.

Notes to the Condensed Consolidated Interim Financial Statements
For the Nine Months Ended March 31, 2026 and 2025
(Unaudited – Expressed in Canadian Dollars)

5. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The Company makes estimates and assumptions about the future that affect the reported amounts of assets and liabilities. Estimates and judgments are continually evaluated based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. In the future, actual experience may differ from these estimates and assumptions.

The effect of a change in an accounting estimate is recognized prospectively by including it in comprehensive income or loss in the year of the change if the change affects that year only, or in the year of the change and future years if the change affects both.

Critical judgments in applying accounting policies

Information about critical judgments in applying accounting policies that have the most significant risk of causing material adjustment to the carrying amounts of assets and liabilities recognized in the condensed consolidated interim financial statements within the next financial year are discussed below.

a) Title to mineral property interests

Although the Company has taken steps to verify title to mineral properties in which it has an interest, these procedures do not guarantee the Company's title. Such properties may be subject to prior agreements or transfers and title may be affected by undetected defects.

b) Impairment of exploration and evaluation assets

The application of the Company's accounting policy for E&E expenditures and impairment of the capitalized expenditures requires assumptions about future events or circumstances and whether it is likely that future economic benefits will flow to the Company. Estimates and assumptions made may change if new information becomes available. If, after expenditure is capitalized, information becomes available suggesting that the recovery of expenditure is unlikely, the amount capitalized is written off in profit or loss in the year the new information becomes available. In the current year, estimates were involved in determining the carrying value of E&E assets. These estimates and the related uncertainty could impact the carrying value of E&E assets in the next year.

Key sources of estimation uncertainty

The following are key assumptions concerning the future and other key sources of estimation uncertainty that have a significant risk of resulting in material adjustments to the condensed consolidated interim financial statements.

a) Fair value of stock options granted

The Company uses the Black-Scholes option pricing model to value the stock options granted during the period. The Black-Scholes option pricing model was developed for use in estimating the fair value of traded options that have no vesting restrictions and are fully transferable. The model requires management to make estimates that are subjective and may not be representative of actual results. Changes in assumptions can materially affect estimates of fair values.

XPLORE RESOURCES CORP.

Notes to the Condensed Consolidated Interim Financial Statements
For the Nine Months Ended March 31, 2026 and 2025
(Unaudited – Expressed in Canadian Dollars)

6. FINANCIAL INSTRUMENTS

The Company's financial instruments consist of cash, exploration and evaluation deposits, and accounts payable and accrued liabilities.

Fair value measurements of financial instruments are required to be classified using a fair value hierarchy that reflects the significance of inputs used in making the measurements. The levels of the fair value hierarchy are defined as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Inputs for assets or liabilities that are not based on observable market data.

The following table sets forth the Company's financial asset measured at fair value by level within the fair value hierarchy:

March 31, 2026	Level 1	Level 2	Level 3	Total
Cash	\$ 252,929	\$ -	\$ -	\$ 252,929

June 30, 2025	Level 1	Level 2	Level 3	Total
Cash	\$ 3,876	\$ -	\$ -	\$ 3,876

The carrying values of exploration and evaluation deposits and accounts payable and accrued liabilities approximate their fair values.

Financial Risk Management

There were no changes to the Company's approach to and management of risk exposures during the nine months ended March 31, 2026. The Company has exposure to the following risks from its use of financial instruments:

a) Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Company's credit risk is primarily attributable to its cash balance. The Company manages its credit risk on cash by holding cash balances in high credit quality banking institutions in Canada.

The overall credit risk related to cash is considered minimal. The maximum exposure to credit risk at March 31, 2026 is the carrying value of cash of \$252,929 (June 30, 2025 - \$3,876).

b) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The Company has a planning and budgeting process in place to help determine the funds required to support the Company's normal operating requirements on an ongoing basis. The Company ensures that there are sufficient funds to meet its short-term business requirements, taking into account its anticipated cash flows from operations and its holdings of cash.

XPLORE RESOURCES CORP.

Notes to the Condensed Consolidated Interim Financial Statements
For the Nine Months Ended March 31, 2026 and 2025
(Unaudited – Expressed in Canadian Dollars)

6. FINANCIAL INSTRUMENTS – continued

b) Liquidity risk – continued

Historically, the Company's sole source of funding has been the issuance of equity securities for cash, primarily through private placements. The Company's access to financing is always uncertain. There can be no assurance of continued access to significant equity funding.

The financial liabilities of the Company as of March 31, 2026 total \$550,140 (June 30, 2025 - \$464,332). Accounts payable are due within 30 days of the reporting date.

The following are the contractual maturities of financial liabilities as at March 31, 2026:

	Carrying Amount \$	Contractual Cash Flows \$	Within 1 Year \$	Within 2 Years \$	Within 3 Years \$	Over 3 Years \$
Accounts payable and accrued liabilities	550,140	550,140	550,140	-	-	-

c) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return on capital.

- i) *Currency risk* – Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in foreign exchange rates. The Company has no funds held in foreign currencies, and as a result, is not exposed to significant exchange risk on its financial instruments at period-end.
- ii) *Interest rate risk* – Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in market interest rates. Interest earned on cash is at nominal interest rates, and the Company does not carry interest-bearing financial liabilities. The Company does not consider interest rate risk to be significant.
- iii) *Other price risk* – Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in market prices, other than those arising from interest rate risk or currency risk, whether those changes are caused by factors specific to the individual financial instrument or its issuer or by factors affecting all similar financial instruments traded in the market. The Company is not exposed to significant other price risk.

d) Capital management

Capital is comprised of the Company's shareholders' equity and any debt it may issue. As at March 31, 2026, the Company's shareholders' equity was \$1,340,671 (June 30, 2025 - \$1,619,687). The Company manages its capital structure and makes adjustments to it, based on the funds available to the Company, in order to support its operations and business development. The board of directors does not establish quantitative return on capital criteria for management, but rather relies on the expertise of the Company's management to sustain future development of the business.

XPLORE RESOURCES CORP.

Notes to the Condensed Consolidated Interim Financial Statements
For the Nine Months Ended March 31, 2026 and 2025
(Unaudited – Expressed in Canadian Dollars)

6. FINANCIAL INSTRUMENTS – continued

d) Capital management – continued

The Company has not generated any revenues and cash flows since its inception, therefore, the Company is dependent on external financing to fund its business plan. The capital structure of the Company currently consists of working capital and shareholders' equity. The Company manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may issue new shares through private placements.

Management reviews its capital management approach on an ongoing basis and believes that this approach, given the relative size of the Company, is reasonable. There have been no changes to the Company's approach to capital management during the nine months ended March 31, 2026. The Company is not subject to externally imposed capital requirements.

7. EXPLORATION AND EVALUATION ASSETS

a) Surge Root Project

Surge

On February 18, 2022, the Company entered into an agreement to earn a 100% interest in the Surge property, located in the Patricia Mining District in Ontario. Under the terms of the agreement, the Company must make payments as follows:

- Cash payment of \$20,000 (paid) and issuance of 160,000 common shares of the Company (issued and fair valued at \$20,000) on signing of the agreement;
- Cash payment of \$25,000 on or before February 18, 2023 (paid);
- Cash payment of \$5,000 for extending the February 18, 2023 payment date to May 15, 2023 (paid);
- Cash payment of \$30,000 on or before February 18, 2024 (paid); and
- Cash payment of \$35,000 on or before February 18, 2025 (paid).

The Company was also required to incur exploration expenditures of \$60,000 on or before February 18, 2023 (incurred).

The vendors retain a 1.5% net smelter return royalty ("NSR") on the property. The Company may purchase one-third of the NSR (0.5%) for \$800,000.

Surge Extension

On November 30, 2023, the Company entered into an agreement to acquire additional claims for \$9,500. The vendor of the additional claims retains a 1.5% NSR on the additional claims. The Company may purchase one-third of the NSR (0.5%) for \$500,000.

XPLORE RESOURCES CORP.

Notes to the Condensed Consolidated Interim Financial Statements
For the Nine Months Ended March 31, 2026 and 2025
(Unaudited – Expressed in Canadian Dollars)

7. EXPLORATION AND EVALUATION ASSETS – continued

a) Surge Root Project – continued

Root Bay North

On December 22, 2023, the Company entered into an agreement to earn a 100% interest in the Root Bay North property. Under the terms of the agreement, the Company must make payments as follows:

- Cash payment of \$9,000 (paid);
- Issuance of 300,000 common shares of the Company (issued and fair valued at \$42,000) within five business days of TSX-V approval;
- Cash payment of \$15,000 on or before December 22, 2024 (paid);
- Cash payment of \$21,000 on or before December 22, 2025 (paid); and
- Cash payment of \$30,000 on or before December 22, 2026.

The vendors retain a 1.5% NSR on the property. The Company may purchase one-third of the NSR (0.5%) for \$500,000.

Root Falls

On December 22, 2023, the Company entered into an agreement to earn a 100% interest in the Root Falls property. Under the terms of the agreement, the Company was required to make payments as follows:

- Cash payment of \$12,000 (paid);
- Issuance of 600,000 common shares of the Company (issued and fair valued at \$84,000) within five business days of TSX-V approval;
- Cash payment of \$18,000 on or before December 22, 2024 (paid);
- Cash payment of \$21,000 on or before December 22, 2025; and
- Cash payment of \$36,000 on or before December 22, 2026.

The vendors retained a 1.5% NSR on the property. The Company could purchase one-third of the NSR (0.5%) for \$600,000.

During the year ended June 30, 2025, the Company terminated the Root Falls property agreement and recorded an impairment of \$114,000.

Surge North

On June 5, 2024, the Company entered into an agreement to earn a 100% interest in the Surge North property. Under the terms of the agreement, the Company must make payments as follows:

- Cash payment of \$75,000 (paid); and
- Issuance of 1,500,000 common shares of the Company (issued and fair valued at \$180,000).

The vendors retain a 2% NSR on the property. The Company may purchase one-half of the NSR (1%) for \$750,000.

7. EXPLORATION AND EVALUATION ASSETS – continued

a) Surge Root Project – continued

Root Lake South

On May 30, 2024, the Company entered into an assignment agreement to earn 100% of the rights, titles, benefits and interest in, to and under an option agreement dated December 20, 2022 between optionors and an optionee. Under the terms of the assignment agreement, the Company must make a payment of \$200,000 (paid) to the assignor. Under the terms of the option agreement, the Company must make payments to the optionors as follows:

- Cash payment of \$29,000 (paid);
- Issuance of 260,000 common shares of the Company (issued and fair valued at \$27,300) within seven calendar days of TSX-V approval; and
- Cash payment of \$38,500 (paid) and issuance of 530,000 common shares of the Company (issued and fair valued at \$15,900) on or before January 11, 2025.

The vendors retain a 2% NSR on the property. The Company may purchase one-half of the NSR (1%) for \$1,000,000. The assignor of the Root Lake South property is related by a common officer.

b) Perrigo Lake Property

On August 13, 2021, the Company entered into an agreement to earn a 100% interest in the Perrigo Lake property, located in the Red Lake Mining Division in Ontario. Under the terms of the agreement, the Company must make payments as follows:

- Cash payment of \$18,000 on signing of the agreement (paid);
- Issuance of 48,000 common shares of the Company (issued and fair valued at \$9,000) within five days of TSX-V approval;
- Cash payment of \$20,000 (paid) and issuance of 48,000 common shares of the Company (issued and fair valued at \$6,000) on or before September 9, 2022;
- Cash payment of \$28,000 (paid) on or before September 9, 2023; and
- Cash payment of \$30,000 (paid) on or before September 9, 2024.

The vendors retain a 1.75% NSR on the property. The Company may purchase a portion of the NSR (0.5% of the 1.75%) for \$600,000. The remaining 1.25% NSR is subject to a pre-existing agreement with an arm's length third party.

During the year ended June 30, 2024, the Company staked 12 additional claims for the Perrigo Lake property.

During the year ended June 30, 2025, the Company recorded an impairment charge of \$239,728, as the property claims lapsed.

c) Raggy Creek, Aerial Lake and Cathy Creek Properties

On December 22, 2023, the Company entered into an agreement to earn a 100% interest in the Raggy Creek, Aerial Lake and Cathy Creek properties located in the Red Lake Mining District, Ontario. Under the terms of the agreement, the Company must make payments as follows:

- Cash payment of \$30,000 (paid);
- Issuance of 900,000 common shares of the Company (issued and fair valued at \$126,000) within five business days of TSX-V approval;
- Cash payment of \$36,000 on or before December 22, 2024;
- Cash payment of \$54,000 on or before December 22, 2025; and
- Cash payment of \$84,000 on or before December 22, 2026.

The vendors retain a 1.5% NSR on the property. The Company may purchase one-third of the NSR (0.5%) for \$500,000.

On November 29, 2024, the Company terminated the option agreement and recorded an impairment charge of \$276,000 during the year ended June 30, 2025.

Exploration and evaluation deposits

During the years ended June 30, 2025 and 2024, the Company made refundable exploration and evaluation deposits to secure exploration services. The balance of deposits allocated for future exploration at June 30, 2025, amounting to \$397,950, was refunded during the nine months ended March 31, 2026.

*See note 12(a)

10. SHARE-BASED PAYMENTS

Stock options

The Company has adopted a rolling incentive stock option plan in accordance with the policies of the TSX-V (the "Stock Option Plan"), which provides that the board of directors of the Company may from time to time, in its discretion, grant to directors, officers, employees and consultants of the Company non-transferable options to purchase common shares, provided that the number of common shares reserved for issuance under the Stock Option Plan shall not exceed 10% of the then issued and outstanding common shares. The options will be exercisable for a period of up to ten years. In addition, the number of common shares reserved for issuance to any one person shall not exceed 5% of the issued and outstanding common shares and the number of common shares reserved for issuance to any one consultant will not exceed 2% of the issued and outstanding common shares. The board of directors will determine the price per common share and the number of common shares that may be allocated to each director, officer, employee and consultant, and all other terms and conditions of the option, subject to the rules of the TSX-V.

11. SEGMENTED INFORMATION

The Company has one operating segment, mineral exploration and evaluation. All of the Company's non-current assets, as presented on the condensed consolidated interim statements of financial position, are located in Canada.

12. SUBSEQUENT EVENTS

- a) Subsequent to March 31, 2026, 21,050,000 warrants expired unexercised.
- b) Subsequent to March 31, 2026, the directors of the Company approved and adopted a long-term incentive plan ("LTIP"). The LTIP is a combined rolling and fixed fixed security-based compensation plan pursuant to which:
 - the aggregate number of common shares reserved for issuance pursuant to stock options granted thereunder may not exceed, at the time of grant, in aggregate 10% of the Company's issued and outstanding common shares; and
 - the aggregate number of common shares reserved for issuance pursuant to all other equity incentive awards granted under the LTIP, which include performance share units, restricted share units and deferred share units, cannot exceed 5,260,150 common shares.

The LTIP is subject to approval of the Company's shareholders, such approval to be sought at the Company's upcoming annual general meeting scheduled for June 4, 2026. The LTIP is also subject to the final acceptance of the TSX-V.
