

Xplore Resources Appoints New Director

VANCOUVER, BC, June 10, 2026 – **Xplore Resources Corp. (TSX-V: XPLR)** (“**Xplore**” or the “**Company**”) is pleased to announce the appointment of Garnet Ching as a director of the Company.

Mr. Ching has over 15 years of professional experience across the full mineral resource cycle from grassroots exploration through to mine operations in orogenic gold, lithium pegmatite, and base metal systems. He currently serves as the Exploration Manager – Greenfields Discovery for Renegade Gold Inc. and has held senior technical roles as the Chief Mine Geologist for Hecla Mining Corp – Keno Hill and Alexco Resource Corp; Senior Mine Geologist with TMAC Resources; and operational geology and exploration roles with SanGold Corp, Goldcorp Red Lake Gold Mines, and Avalon Advanced Materials. He is a registered Professional Geologist in Manitoba and Ontario and holds a Master of Science from the University of Manitoba focused on the intrusion dynamics of lithium pegmatites.

The Company also announces that John Newell has resigned as a director of the Company. The Company thanks Mr. Newell for his service and wishes him well in his future endeavours.

About Xplore Resources

Xplore Resources is a North American lithium exploration company listed on the TSX Venture Exchange under symbol XPLR. The Company has a prospective land package in the emerging Root Bay lithium district located in northwest Ontario. Xplore’s flagship property is the Surge lithium project, on trend and near two lithium deposits and just 25 m from a new lithium discovery. The Company is led by a highly experienced management team with a strong track record of growing shareholder value.

ON BEHALF OF THE BOARD OF DIRECTORS,

Devin Pickell, CEO
Xplore Resources Corp.
