

Xplore Resources Announces Non-Brokered Private Placement

Vancouver, British Columbia--(Newsfile Corp. - October 30, 2023) - **Xplore Resources Corp. (TSXV: XPLR)** ("**Xplore**" or the "**Company**") announces that it has arranged a private placement of up to 15,000,000 units (the "**Units**") at an issue price of \$0.10 per Unit for total gross proceeds of up to \$1.5 million (the "**Placement**"). Each Unit will consist of one common share of the Company (a "**Share**") and one non-transferable Share purchase warrant, with each warrant exercisable to acquire one additional Share for a period of two years from the date of issue at a price of \$0.15 per Share.

All securities issued under the Placement will be subject to a hold period expiring four months and one day from the date of issue. Finders' fees may be payable on all or part of the Placement in accordance with the policies of the TSX Venture Exchange.

The Company intends to use the net proceeds of the Placement for general working capital.

The Company anticipates closing of the Placement (in one or more tranches) as soon as practicable subject to receipt of all necessary regulatory approvals.

This news release does not constitute an offer to sell or solicitation of an offer to sell any securities in the United States. The securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act") or any state securities laws and may not be offered or sold within the United States or to U.S. Persons unless registered under the U.S. Securities Act and applicable state securities laws or an exemption from such registration is available.

About Xplore Resources

Xplore Resources is a mining exploration company listed on the TSX Venture Exchange under symbol XPLR and is focused on the acquisition and exploration of grass roots lithium properties in Canada and Brazil. The Company is led by a highly experienced management team comprised of industry experts with executive and senior management experience in geology, banking, private equity, investor relations and law.

Lithium Properties

The Company is earning a 100% interest in the Surge (~3400 ha) and Perrigo Lake (~3300 ha) lithium properties, both situated in northwestern ON, approximately 100 kms north of Sioux Lookout ON. The Surge property lies along the regional scale Pakwash-Lake St. Joseph Fault, approximately 2.0 kms east of the Root Bay lithium discovery. The Perrigo property is located west of the Allison Lake batholith considered to be "the largest fertile peraluminous granite mass in northwestern Ontario."

The Company, through its wholly owned Brazilian subsidiary, holds a 100% interest in the Energia (~4500 ha) and Borborema (~9100 ha) lithium properties in Brazil. The Energia claims are situated in the state of Minas Gerais, the center of Brazil's rapidly evolving lithium production. The Borborema claims are situated in the state of Rio Grande do Norte in northeastern Brazil, in a Borborema pegmatite field, a historically significant producer of tantalum prior to 1980.
